RECORDS REQUEST

Attention Records Department:

I am completing a research project and would like to request copies of your official traffic accident reports for all accidents that occurred in your jurisdiction from 1/3/15 – 1/7/15.

In order to use these reports for my research, I need them to include:

- 1) Date and Location of Accident
- 2) Names and Phone Numbers of Parties Involved
- 3) Officer's Narrative

Please inform me if there are any redactions made to your reports that would prevent me from being able to obtain the information necessary to complete my research.

This information is not being used for any commercial purpose.

I would prefer to have the records emailed to Bmasternick22@gmail.com. If this is not possible please fax the responsive documentation to (206) 694-2216.

Sincerely,

Robert Masternick
